This past weekend Tri State Christian Camp hosted all the volunteers workers for Rotary Disabilities Youth Camp for staff training. Their youth camp is held in Quincy and may consider Tri State in the future! What a blessing it was to have them at our camp! Over 80% of college age staff had some kind of disability, but are willing to help at youth camp. It was very evident that Tri State needs to move forward in making our camp more handicap accessible!

Had another great day volunteering at Rotary Disabilities Youth Camp. Had the opportunity to give most of the campers a ride in our 29' voyager canoe. What a blessing to see a smile on these young people faces.
