Thanks to very generous donation I am beginning to put on the back deck and roof at the directors house. This back deck and roof will protect the wood from rotting away and direct sunlight from the west.

My good friend for 28 years, Dave, visited from Michigan for a couple of days.

Thursday evening a little beach time. Friday morning a little deck building time. Always thankful for good friends like Dave & Kathy King!

SO EXCITED!

We are starting to clear a path through the woods for our two 500' zip lines!

Tri-State Christian Camp & Removing The Barriers Tri-State Initiative had a great day this past Saturday at St George Island State Park helping Florida Disabled Outdoor Association with their Sport Ability program. What a blessing seeing those with limitations enjoying the outdoors.
