Taking off the front deck of cabin #6. Getting cabin prepared to add a disabilities addition.

A huge thanks to St. Joe Community Foundation for funding this project!

Removing The Barriers Tri-State Initiative at Tri-State Christian Camp. We had benches welded over the top of the wheel wells on this trailer to make it more handicap accessible for hayrides. You can put hay in the center of the trailer then a wheelchair can go up the ramp and kids can have a secure place to sit.

So thankful for John Dixon owner of Covenant Electric for helping us get the outside electrical panel up at Robert & Gwen's house in Panama City.

Almost finished with the wheelchair accessible hay wagon trailer.
